COMMANDER®

Stands make positioning and installing portable fire extinguishers quick and easy, and maximise the visibility of fire equipment. They are suitable for nearly every application, with a wide range of finishes and designs available to suit any environment.

COMMANDER STAND

Tough and resilient, thanks to its ABS injection-moulded plastic construction, the Commander stand offers incredible durability. Its high resistance to water, dust, knocks and bumps provides users with a long list of application options which makes it the perfect product to serve a number of different needs. The Commander stand has a seamless matt and gloss finish, along with a dedicated smooth surface for sign application. Available as both a single and double, the multiple option doesn't stop there – easily fix stands together to make a triple-plus solution.

PRODUCT FEATURES

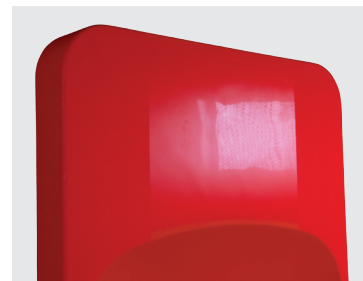

- Reliable and robust ABS plastic material
- Combination of both a matt and gloss finish
- Dedicated area for signage application
- Gripped base to protect floor surface
- Easily combine to make a triple-plus stand offering
- Immediate access to the fire extinguisher
- Suitable for most extinguishers (max 200mm)
- Manufactured using environmentally-friendly materials
- Single stand:
 - Dimensions (mm): 280 x 750 x 275
 - Weight (kg): 1.2
- Double stand:
 - Dimensions (mm): 548 x 750 x 288.5
 - Weight (kg): 2.3

Dedicated signage space

Grips for a more secure set up

Combination of both gloss and matte for a stylish finish

TUBULAR STAND

Available as both singles and doubles, the Tubular stand offers both a solid and reliable solution for every environment. Its ability to be both extremely strong and remarkably lightweight makes handling much easier for the end user – offering maximum mobility. For those spaces more image conscious, the Chrome stand allows for a more stylish finish.

PRODUCT FEATURES

- Can accommodate most types and models of fire extinguisher
- Available as a single or double
- Available in red and chrome
- Single: Dimensions (mm): 760 x 330 x 305
- Double: Dimensions (mm): 735 x 510 x 305

WAVE STAND

The Wave stand boasts a truly exclusive design aiming to reduce the visual impact of the fire extinguisher in any location. Whether that be a in a hotel lobby, public retail or even school and leisure environments, the Wave stand offers the perfect subtle fire safety solution without sacrificing ease of extinguisher handling.
