

DataSheet

Stands make positioning and installing portable fire extinguishers quick and easy, and maximise the visibility of fire equipment.

They are suitable for nearly every application, with its matte and gloss finish to suit any environment.

COMMANDER FIRE EXTINGUISHERS STANDS

Tough and resilient, thanks to its ABS injection-moulded plastic construction, the Commander stand offers incredible durability.

Its high resistance to water, dust, knocks and bumps provides users with a long list of application options which makes it the perfect product to serve a number of different needs.

The Commander stand has a seamless matt and gloss finish, along with a dedicated smooth surface for sign application. Available as both a single and double, the multiple option doesn't stop there – easily fix stands together to make a triple plus solution.
