sizes available

LITHIUM-ION

BATTERY SAFETY RANGE

making the world a safer place

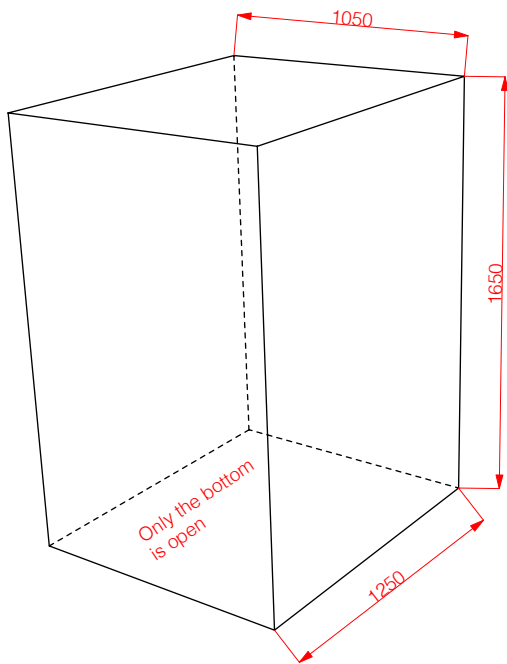

FIRECHIEF® LITH SHIELD™ PALLET COVERS

Made from fire-resistant material, these pallet covers act as a barrier against potential ignition sources in warehouses, storage facilities, and transportation. They control and suppress flames in their early stages, preventing fire spread and reducing the risk of smoke and toxic gas inhalation, especially during lithium-ion battery fires.

Simple to apply, they come in a range of sizes to perfectly fit your specific pallets and stacked goods height, offering enhanced fire safety and peace of mind.

Component	Description	Testing & Standards
Fabric	High performance fibreglass and polymer construction	Test of fabric in accordance with BS EN 13501-1:2018

MODEL: FPC

50 mm has been added to the dimensions to facilitate the mounting process.

Corner seam construction
