

FireShield ABC Aerosol Extinguisher

Product Specification Sheet

FireShield

Key Features

- CE approved
- Manufactured in accordance to BS 6165
- Passed 35kv conductivity test
- Complete with bracket
- Aerosol factory sealed extinguisher
- Minimal maintenance required
- Aluminium lightweight body
- Controlled discharge
- 5 year warranty

The Mini FireShield ABC Dry Powder Aerosol Extinguisher is a versatile option for Class A, B, and C fires, ideal for open areas. It smothers flames by cutting off oxygen but isn't suited for confined spaces due to inhalation risk. PFAS-free, it's great for domestic and leisure use.
