

Stopper® Station Shield

STI-6517

KEY FEATURES

General Information

- Protects against vandalism, damage and accidental activation.
- Raised moulded "LIFT HERE."
- Three year guarantee against breakage of polycarbonate in normal use

Design

- Cover specifically designed to fit STI Stopper Stations with notched mounting slots (see reverse).

Construction

- Cover is moulded from thick, tough polycarbonate material.
- Cover is UV-stabilized.

Installation

- Ideal for use when space is limited.
- Tabs snap into Stopper Station shell allowing for fast and easy installation.
- Typical working properties of polycarbonate are -40°C to 121°C (-40° to 250°F)

Options

- Standard French and Spanish label available.

PRODUCT OVERVIEW

This inexpensive and highly durable cover was invented to mount directly onto the Stopper® Station series of buttons. With two tabs that snap into the Stopper Station, the cover easily mounts over the push button. It takes hard knocks in stride while protecting the button against vandalism, damage or accidental activation.

GUARANTEE

As all STI protective covers, this Stopper Station Shield is backed by a three year guarantee against breakage in normal use. It is also highly cost effective and easy to install.
