

TECHNICAL DATA SHEET

ENVIROGRAF®

TD066-02-2025

Product Number: 66

3-2-1

Description:

Envirograf® 3-2-1 is an aqueous, odourless flame-retardant liquid for spraying onto many absorbent materials including canvas, cardboard, curtains, carpets, dust sheets, polyurethane furniture, polystyrene, tents, upholstery, wallpaper and even some nylon materials. Can be used on living and artificial Christmas trees. 3-2-1

Storage:

Store above 15°C. If not, the product may become cloudy.

Directions for use:

Shake well before use.

If cloudy, warm by standing container in warm water until the solution becomes clear. The solution is then ready for use.

Material Specification:

PHYSICAL FORM	Clear Colourless Liquid
ODOUR	Slight
PH	6 - 8
MELTING POINT/RANGE	Not applicable
BOILING POINT/RANGE	Not applicable
FLASH POINT	Not known
FLAMMABILITY LIMITS	Not known
RELATIVE DENSITY	Not applicable
SOLBILITY IN WATER	Miscible in water
SPECIFIC GRAVITY	1.04 – 1.14 at 20°C
SHELF LIFE	12 Months from date of manufacture.
VOC	11g/L - Category A/i.
